Tuberculosis Information for Field Staff

SATELLITE CONFERENCE AND LIVE WEBCAST

Wednesday, April 21, 2010 • 8:00-9:00 a.m. (Central Time)
9:00-10:00 a.m. (Eastern) • 7:00-8:00 a.m. (Mountain) • 6:00-7:00 a.m. (Pacific)

A third of the world's population is thought to be infected with Tuberculosis and new infections occur at a rate of about one per second. Program faculty will break down the statistics on the national, state, and county levels. Faculty will also go more in depth in their discussion of Tuberculosis, thoroughly exploring the disease, its symptoms, and management struggles. Though the disease can easily be controlled with proper treatment, there is still much to learn when it comes to caring for patients with TB.

PROGRAM OBJECTIVES

1. Describe statistics associated with TB at the national, state, and county levels.
2. Recognize the difference between latent TB infection and active TB disease.
3. State the signs and symptoms of active TB disease.
4. Understand the social issues associated with the management and care of individuals with active TB disease.

FACULTY

Connie Lightsey, MPH, RN
TB Area Manager
Public Health Area III
Alabama Department of Public Health

Halsey Rhodes
TB Area Manager
Public Health Area XI
Alabama Department of Public Health

The Alabama Department of Public Health is an approved provider of continuing education by the Alabama State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. (Expires on January 28, 2011.)

The content of this program is based on the policies and procedures of the Alabama Department of Public Health, Alabama and federal statutes, rules, regulations, and guidelines. Viewers not employed by the ADPH should always check to clarify whether the content is accurate according to the statutes, regulations, and policies of their jurisdiction and agency.
